

## **CHECKING IN AND PLAYING**

The only way to get on the grounds will be through the gate in the club parking lot. The lower gate will be locked (except for when having parents pick up children participating in summer camps).

Enter the building through the front door and proceed to the front desk. Wait until called up by the front desk attendant.

Use your key fob to check in, and if you haven't paid for your court or lesson online (strongly encouraged), you will have to pay at the front desk (no cash accepted).

When the buzzer sounds you can proceed to your court.

When the buzzer sounds to end your playing time, finish your point and then collect your belongings and promptly leave the court together with those you are playing with.

Players must be considerate of the game in progress. When entering the courts, wait until a break in play before entering and ensure that the gates to the outdoor courts or curtains in the bubble are closed securely. Open gates and curtains are a hazard.

## **CHANGEROOMS & LOCKERS**

Our changerooms and showers are available to members and their guests. Lockers are available for rental, and you can inquire with the front desk attendant about renting one.
